

Easter Riddle Scavenger Hunt – Clues

The Easter bunny brings these in,
Who finds the most will surely win.
They are often dyed in many colors,
Plastic shells make up the others.

Birds live in these,
And you can find them in the trees.

When kiddos hunt for Easter eggs,
They carry this at their sides.
It's purpose is to store the goods,
The Easter Bunny hides.

Little girls go shopping every year,
To find the perfect one of these.
They wear them to church on Easter Sunday I hear,
Can you take a guess, pretty please?

This is a brand of yellow candy,
That is made out of marshmallow,
They are shaped like little ducks,
And better than Jell-O.

This grows from the dirt,
And is found all over.
Its color is green,
But it isn't a clover.

These are planted in pots,
Or spring up from the ground.
They arrive in the same season,
That Easter eggs are found!

This is a type of candy,
That comes in brown or white.
Everybody loves it,
For it is a delight!

We must peel this off of eggs,
Before we can eat.
Once removed,
They make such a great treat!

This is what we dip Easter eggs in
To make them a different shade
And when the fun is over,
We must clean the mess we made.

Found in the water,
This bird says, "quack quack."
Sometimes made out of rubber,
It's yellow, not black.

What day of the week
Does the Easter Bunny bring eggs for us to seek?

We place eggs in one of these
So that they may boil,
They are made to withstand heat,
Just like aluminum foil!

This animal lays eggs for us to take,
“Bock Bock” is the sound they make.

Do you have a sweet tooth?
I bet you do!
You should eat some of this,
It will satisfy you!

This religious symbol
Represents God’s love
And how Christ was resurrected
Into the sky above

Easter Riddle Scavenger Hunt – *Answers*

The Easter bunny brings these in,
Who finds the most will surely win.
They are often dyed in many colors,
Plastic shells make up the others.
