

Farm Scavenger Hunt
Photo/Video Riddles

To complete this is easy as pitching up tents
Have your group pretend to be climbing up a fence!

If you're careful then you can do this easy, maybe
Find any farm animal that's just a baby!

You will not need to go inside of a beehive
Capture any insect you can find, but alive!

On the farm where they work, they're considered a king
Find a farmer in the middle of doing their thing!

It won't taste like a salmon or any filet
Try to chew on a random piece of barnyard hay!

Thought the animals are spread all over the lands
Keep your eyes open for a sign with the word "plants"

After walking past all of the cute little lambs
Find an animal that is the source of all ham!

Find your favorite animal for the next skit
Be recorded pretending to act just like it!

When the rooster is crowing, you'll know where he lies
But he may just be hiding, so search for this guy!

If you're thirsty for milk, and you need to know how
Maybe you can find someone who has milked a cow!

You may laugh when you first take a gander at those
Take a picture with someone wearing some farm clothes!

It can take you a minute, or maybe an hour
Have someone pictured smelling a wild flower!

With some hay on the ground, it won't feel quite like yarn
Pretend to take a nap while inside of a barn!

Some are parked in the distance, but don't be confused
Find a tractor of some type that *is* being used!
