

Gentlemen's Night Out Photo Riddles

There are angles that make all easier to see
For example, have someone try to climb up in a tree!

It is easy to walk when the sneakers are yours
Have a stranger lend you theirs to try on the floor!

When you're done with the shoes take a walk in the street
But be careful-you must do this, using bare feet!

There are different ways people can show their romance
Find a couple strolling around while holding hands!

It is time for a drink, but let's make this one clear
Have a group member do this, and sip on a beer!

They may hate you for doing it, so use some care
You'll succeed when you're messing up a stranger's hair!

Doing this might just help someone get it done fast
Be a helper and chip in with pumping some gas!

You can have a contest to see who can do more
Do some pushups, but only when you're in a store!

It's not hard to get one to help you with this rhyme
But try getting *two* girls to hug you at one time!

They may fly right past you or be dead on the ground
You'll accomplish this task when an insect is found!

This may not be as easy as someone may think
Find a person whose shirt is primarily pink!

Exercise is a great thing to do to get fast
So be sure to catch somebody as they surely run past!

Easier if you do it when no one's around
Let your chair be a stranger's car when you are found!

Does not matter your choice just make sure there's three
Juggle all of your objects for stranger's to see!
