

Town Scavenger Hunt
Photo Riddles for Children

You will be on foot, but try to find;
Where it tells cars to stop on a sign!

When you see an infant walk the land
Say hello, and try to shake their hand!

Some may look real bright, and others dim
Find a car with really shiny rims!

You might find some trash, but have no doubt
Take a picture throwing that trash out!

If you make this perfect, you'll be fine
On the sidewalk, make one single line!

Though it may be rare, it can be found
Find a flower growing in the town!

Look around and try to find some grass
When you do, fake sleeping really fast!

If you like the taste, then you should try it
Find somebody with a soda that is *diet*!

Be careful, as this may hurt a bit
On the sidewalk, do a perfect split!

Don't disturb them, because that is rude
Photograph a stranger eating food!

When the words come out, just let them flow
Sing a song to someone you don't know!

After your stomach's already been fed
Balance some town food on top of your head!

If you think that you can finish it in first place
Challenge someone you don't know to run in a race!
